

PROTECTING PRIDE ON CAMPUS

58%

OF LGBT ADULTS HAVE
BEEN THE TARGET OF
SLURS OR JOKES DUE
TO THEIR IDENTITY.

39%

OF LGBT ADULTS HAVE
BEEN REJECTED BY FAMILY
OR FRIENDS DUE TO THEIR
ORIENTATION OR IDENTITY.

30%

OF LGBT ADULTS HAVE
BEEN PHYSICALLY
ATTACKED OR
THREATENED.

So how is this relevant to UNC-Chapel Hill?

29,911

students on campus

4.5%

the estimate of LGBT+
people in the US population,
according to Gallup.

That makes about
1,346
as the number of UNC-CH
students who identify as
LGBT+, based on that national
average. This is especially
important, since...

20

IS THE AVERAGE AGE THAT
LGBT PEOPLE COME OUT.

According to the
CDC, LGBT
students are
140% more likely
to skip class.

Creating safe
environments
lowers the rates
of all of the
statistics above.

Campus safety
resources are
extremely
important to
LGBT students.

Less absentee
class time =
higher graduation
rates for LGBT
students.
